

LAST TIME... THE DATA DETECTIVE GAVE OUR ANALYST THE GREEN LIGHT TO BROWSE AND UNDERSTAND DATA FROM ANY SOURCE.

RUN AN EYE OVER THIS, KID.

THIS BETTER WORK...

THERE THEY ARE! 'CUSTOMER' TABLES FROM SQL SERVER AND 'BILLING INFO' FROM ORACLE.

NOW YOU'RE COOKING. I'M GONNA GRAB A CLIP O' JOE. WANT ONE?

SURE.

AMAZING. I CAN EVEN SEE THE DATA I'VE KEPT IN MY ACCESS DATABASE.

AND IF I CAN JUST...

... WHOA, DID THAT JUST...?

NOOOOOOOOO

WHERE THE HECK AM I? WHAT'S GOING ON?

HA HA! YOU CAN FIND ME...

... AND ME!

BUT YOU CAN'T CATCH US!

YOU'LL NEVER GET US BOTH...

...IN THE SAME PLACE...

... IN TIME FOR YOUR PRESENTATION!

WAIT...WAIT! COME BACK!

YOU'VE GOT TO BE KIDDING.

THIS WASN'T PART OF THE JOB. IF I CAN'T GET THIS GUY BACK TO WORK, WE'RE BOTH SUNK.

CAN OUR ANALYST TAME THIS UNRULY DATA?

WILL TOAD GET THIS PROJECT BACK ON TRACK?
